

Music Progression Map & Intent, Implementation and Impact

We believe that the development of musical skills is important to the wellbeing of our children and the creation of balanced young people. We encourage enjoyment and understanding of music through listening, composing and performing. Children are taught a wide range of songs and introduced to a variety of instruments.

We work closely with Bedfordshire's Inspiring Music service, who provide services, support and CPD and we use the Charanga scheme of work to support high quality music teaching and to ensure progression of skills throughout the school. We selected this scheme to as particularly suitable for facilitating high quality learning delivered by non-specialist teachers.

Highlights-

We sing daily during our acts of collective worship.

We produce church services for the festivals of Harvest, Christmas, Candlemas, Easter, Pentecost as well as a service to celebrate the end of each school year. We have performed at St Albans Abbey and the Royal Albert Hall

We were asked to produce the songs and prayers for a Radio 4 Sunday Service during lockdown in January 2021

We produce a Musical Production each year. Recent examples have been Cinderella Rockafella and Joseph.

We have a vibrant recorder provision taught by a specialist.

We have a range of peripatetic staff who we are able to signpost for a range of musical instruments.

One of our ex pupils was awarded the Young Chorister of the Year 2021 whilst another was awarded a scholarship to study at Westminster Abbey.

Cross Curricular-

The music curriculum assists children in developing their reading and mathematical skills. Prior to the pandemic we began exploring links between maths and music in partnership with the schools' outreach service at The Royal Albert Hall.

Intent: What we want to achieve

To develop the wellbeing of our pupils, which is important for the creation of balanced young people.

To encourage enjoyment and understanding of music through listening, composing and performing.

To expose the children to a wide range of songs and a variety of instruments.

Implementation: How we will achieve this

We will use a progressive scheme of work (Charanga) which is rooted in the National Curriculum, the model music curriculum and Early Years Foundation Stage curriculum and which is regularly reviewed and developed to ensure it motivates children and builds on previous experience.

The children will be able to listen to a wide range of music across the wider curriculum including that from other times and cultures. This will be built on further by carefully chosen music used during Collective Worship.

The children will be taught a range of musical vocabulary and will use these when talking about music they hear and the music they create themselves.

They will use their voices in expressive and interesting ways and use body percussion to respond to what they hear.

They will use a wide range of tuned and un-tuned percussion instruments

We will run extra-curricular clubs including a choir.

The school will support events including performances in school, instrument demonstrations and singing in the church.

We will produce a Harvest, Christmas, Candlemas, Easter and Pentecost service each year.

Wherever possible, we will invite musicians into school to work with the children.

Pupils will be taught to evaluate their own work and that of others in a positive, values led approach.

They will be taught to use instruments safely and respectfully to produce the best sound they can.

We will track and assess to move the children's' learning forward

We offer (at an additional cost) specialist music tuition including recorder.

Impact: The intended outcomes of the music curriculum

Pupils will develop a love of learning and enjoy listening and talking about music from a range of cultures and times.

Pupils will enjoy working together to create interesting and imaginative sounds including using their voices, body percussion and tuned/ un-tuned percussion instruments. They may also make their own instruments in linked lessons such as Forest School.

Pupils will leave our school with a very positive attitude of music and any will go on to learn instrument in middle and upper school and as adults. Pupils will work hard, strive to meet challenges and will become resilient learners, using a growth mind-set approach

Pupils will learn to work independently and will also be able to contribute effectively to a partner, group work or whole class creations.

Pupils will develop as considerate, tolerant and empathetic citizens, particularly when learning about work from other times and cultures.
